Projects

Sculpt

JavaScript, Bootstrap, Vue, Auth0, CSS, SCRUM

Mobile application that allows users to plan and track their workouts. Utilized chart.js to display user's stats. Interface created with a mobile first design.

NewBrew

JavaScript, Bootstrap, Vue, Auth0, SCRUM

Social application that allowed users to post to a global forum. Created a database following strict architecture methods. Utilized different web forms. Restricted access to certain views using verification.

Inspire

JavaScript, HTML, CSS

List tracking application that required multiple asynchronous calls to retrieve different pieces of data. Utilized several services and controllers to render data differently on the same SPA application. Implemented the observer pattern.
