- Time Management

Experience

JANUARY 2020 – CURRENT

Full Stack Developer Student / BoiseCodeWorks Boise, ID

Code and debug projects 40 hours a week. Implement frontend design through HTML, CSS, and other languages. Develop backend servers and APIs using MongoDb, Node, and other software tools. Work in a team following SCRUM protocols. Complete projects timely and to given standards. Adapt and learn new techniques and frameworks quickly.

DECEMBER 2016 – JANUARY 2020

Territory Sales Manager / New Frontier Marketing Middleton, ID

Travel locally to meet with sales representatives and deliver clear company messages. Consult with buying personnel to determine projected demand for products and services. Started with the Bosie territory and within 4 years my territory grew to include Alaska, Winco, and Albertsons.

JANUARY 2016 – APRIL 2018

Tax Specialist / H&R Block, Star, Idaho

File tax returns and prepare governmental reports in compliance with strict standards. Keep up to date on changing tax laws and forms. Recipient of multiple positive reviews acknowledging dedication to excellent customer service. Provide and elevated customer experience to generate a loyal clientele. Started as a tax preparer and tested up each year, which increased the complexity of the tax returns.

Education

APRIL 2020

Full Stack Developer / BoiseCodeWorks, Boise, ID

Hands on and faced paced program. C#, Javascript, HTML, CSS, Node.js, Vue.js

JANUARY 2010

AAS in Baking and Pastry Arts / Le Cordon Bleu, Portland, OR

Graduated with honors. Food safe certified.
